

OPTUS MAINTENANCE PROJECT

BOOM

PROJECT SCOPE:

Nokia are a world wide leading international Telecommunication company that supports Optus and Vodafone in Australia. Nokia are a turn key solution provider for the carriers supplying Technicians, Riggers, Project Management and Nokia Equipment.

BOOM supports Nokia with the supply of Travel Towers to safely reach the heights on towers, mono poles and rooftops so Nokia can fix or replace equipment to maintain the Optus network and keep it running to its full capacity.

SNAP SHOT:

Project:

Optus Maintenance Project

Client:

Nokia

State:

National

Region:

All states

Market sector:

Telecommunications

CHALLENGES:

- Nokia's dynamic scheduling program
- Metropolitan works that require full traffic management including road closures
- Night works performed in built up urban environments
- Overgrown access tracks in regional areas

CLIENT BENEFITS:
